Landscape Communication

Overlook Residents:

As a reminder, please do not approach the Community Landscapers (Blue Marble) regarding specific landscape issues (tree trimming, weeds, irrigation concerns and etc.) as when the landscapers are in the Community once a week they have a scheduled zone to complete in a scheduled time period. If you have specific landscaping concerns please reach out to our Management Company (Snow Property Services) directly - Dustin (dustin@snowaz.com) or Sheri (sheri@snowaz.com). The issue/concern will be noted and addressed at the appropriate time.

Regards,
Board of Directors
